MYSTERIOUS DEATHS.

Morris Nathanson, a well to do middead yesterday in the loft of his factory, bound hand and foot to a chair with filled with gas, escaping from a broken pipe just above his head. There were no marks of violence on the body. Nathanson, so far as is known, had no resson to commit suicide. He was 49 years old and in the best of health and spirits. His business was solvent, he had ample outside resources, and be lived happily with his wife and daugh-ter. Puzzled, the police detained Gold, the partner, on the strength of what the police say is a disagreement between his own story of his movements Saturday night and that told by his wife. However, before the coroner Gold was so frank and willing in his atstements that he was released in \$1,000 bail. The loft where the body was found is in Warren street, in the downtown jobbing district.

Nathanson, according to Gold, took out a \$10,000 policy in the New York Life Insurance Company two weeks

The Newark, N. J., police have a murder and suicide mystery, in hand recorded at first as two deaths from catural causes. The real cause was not developed until yesterday afternoon, when County Physician McKenzie performed an autopsy. The victims were Bonedict Schwan, 72 years old, and his eister-in-law, Mrs. Sophia Frick, 61

Saturday night, as Mrs. Frick was about to enter a drug store, she fell on the sidewalk unconscious. She was removed to the city hospital, where she died. When the police were notified of the woman's death policemen were sent to the Holland street house to notify the family of the death. They found Schwan dead in a pool of blood that had flowed from his mouth. In the absence of any visible wound they decided he had died of herovsheer and the police is that Schwan did the shooting, although the revolver was on a table saveral feet from the bed on which Schwan day long, and the bed on which Schwan determined to the city hospital, where she died. ALLEGED DYNAMITERS. With the arrest in Baltimore yesterday of Charles W. Gruber and John B. Kenney, there are now in custody seven men charged with complicity in attempts to destroy property of the Baltimore and Ohio Railroad and with other offenses, all of the arrests having grown out of an effort to wreck a bridge of the company in Baltimore last Friday night, which was, however, attended with only a slight measure of success. The other

five men under arrest are W. H. Zimmerman, William B. Shipley, H. W. Leightner, William H. Amesand Harry D. Madden, arrested Saturday night. Zimmerman, Shipley, Leightner and Ames are held under bail of \$10,000 each and the others will be given a bearing today.

Gruber is the man in whose house detectives on Saturday found a quantity of dynamite, which one of the accused said had been taken there. Kenney is a youth of 17 years, and he appears to have been the tool of others in the perpetration of outrages against the railroad company. He is said to have corfessed that it was he who, during the more active days of the recent strike of the railroad machinists, threw a brick that fractured the skoll of Frank W. Wilger, watchman in the employ of the

company. Wilger is still in a haspital, and until sesterday no clew had been obtained by the police to the identity of his assailant. Kenney says Zimmerman paid him 50

cents to throw the brick, and afterward congratulated him on "doing a good job." He also says that he and Zimmerman made an attempt to blow up the Riverside roundhouse of the railroad company some time sgo, when they sccomplished nothing more than the breakng of several hundred panes of window glass. He received 50 cents for this work also. As a result of this statement an additional charge of conspiracy has
